FOR IMMEDIATE RELEASE

Premier Inc. Awards Dynamic Computer Corporation with a Group Purchasing Agreement to Provide RFID Asset Tracking and Management Solutions for Its Member Network

Premier Inc. awards Farmington Hills, Mich.-based Health Care RFID provider Dynamic Computer Corporation with a group purchasing agreement for its network of more than 50,000 healthcare facilities.

FARMINGTON HILLS, Mich., Aug. 24 -- Premier Inc. has awarded Dynamic Computer Corporation (DCC) with a group purchasing contract to provide RFID Asset Tracking and Management Solutions for its healthcare alliance members. Premier's alliance is the largest in the country, comprised of more than 1,700 hospitals and 49,000 other healthcare sites that represent over \$31 billion in annual purchasing power.

"We are pleased to offer our services to Premier alliance members through this partnership. This group purchasing agreement supports the shared goals of DCC and Premier to improve patient care, reduce costs and minimize risks," said Farida Ali, DCC President & CEO.

The Farmington Hills, Mich.-based company (Est. 1979) is a single-source IT hardware provider and RFID systems integrator. Premier members will receive standard pricing through Premier's group purchasing program, effective immediately.
